**TECHNICAL ANALYSIS:**

**RECLAMATION PLAN**

**BONDING AND INSURANCE REQUIREMENTS**

Regulatory Reference: 30 CFR Sec. 800; R645-301-800, et seq.

**Analysis:**

**Determination of Bond Amount**

The information in the MRP is adequate for the Division to determine the reclamation costs. As part of the midterm review, the Division escalates the bond amount for 5 years. Since the bond will be adjusted as part of Task 2332, riprap and crusher building, the Division will handle the escalation with that amendment.

**Findings:**

The information in the MRP is adequate to meet the requirements of this section.

**RECOMMENDATIONS:**

The Division should close the midterm review.
